

Mexico WindPower

EXHIBITION & CONGRESS

February 25-26, 2015

With the wind on our side

An event organized by the industry... for the industry

CALL FOR ABSTRACTS | Deadline: September 30th, 2014

Mexico WindPower 2015 will play an even greater role in bringing together key players associated with the wind power industry. Representatives from three levels of government, will speak and exchange views with companies, industry experts, academics and professionals to look to solutions to Mexico's challenging energy targets.

This high level conference will focus on propelling Mexico's growth in the wind sector, adding to the 1917 MW already in operation. Representatives from federal and local governments, high level professionals and academics will shed light on how to increase this to the projected 12,000MW of installed capacity by 2020.

Be part of the discussions! Submit an abstract and let your voice be heard at **Mexico WindPower 2015**. Submitted abstracts will be reviewed and those selected will have the opportunity to present at the conference.

Papers can be submitted to

rosario@ejkrause.com or cperalta@amdee.org

Contact person: Rosario Ruiz, Conference Director

Tel: (52 55) 1087 1650 ext. 1111
